Subject: Eisenbarth Sampling Safety Concern - Gun Deer Season

::
 >>

Gentlemen,

I have a safety concern that I would like to bring to your attention. There are several upcoming time periods when Mr. Eisenbarth has granted permission for various people/organizations to hunt on his property. For safety reasons, I have instructed CTEH not to collect surface water sample near Opossum Creek during those time periods. The specific dates are listed below:

▽ 11/22 - 11/23/14

▽ 12/01 - 12/07/14

▽ 1/02/15 - 1/05/15

The time periods in question are relatively narrow and I do not believe will not result in any significant data loss. If you disagree with this plan, please let me know so we can discuss alternate solutions.

Sincerely,

Steve Tink
